

## LED LIGHT FCC COMPLIANT

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this device. NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: -Reorient or relocate the receiving antenna. - Increase the separation between the equipment and receiver. -Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. -Consult the dealer or an experienced radio/ TV technician for help.

## LIMITED WARRANTY

SUNNYWAY ENTERPRISES INC warrants this aquarium product to be free from defects in material and workmanship under normal use and service and according to the provisions as specified in the accompanying assembly and operating instructions, for a period of 1 year from date of purchase.

This warranty does not cover and SUNNYWAY ENTERPRISES INC is not liable for the cost of repair or replacement of parts which have been subject to misuse, negligence, accident, improper installation, damage during shipment or handling, normal deterioration due to wear and exposure or defects caused by unauthorized parts or modification.

UNDER NO CIRCUMSTANCES WILL SUNNYWAY ENTERPRISES INC BE LIABLE FOR ACCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING BUT NOT LIMITED TO LOSS OF PROPERTY OR EQUIPMENT.

Some states do not allow the exclusion or limitation of incidental or consequential damages, or limitation on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This warranty gives you the legal rights, which vary from state to state.

## LED LIGHT INSTRUCTIONS

Item: SWL24A

For Household Use Only  
Children under the age of 13 should be supervised by an adult with the setup

ISZ-LED-L24A

- Model No: SWL24A
- Input: 100-240V
- Output: DC5V
- Power: 5v
- LED Colors: Aqua, Amber, Blue, Green, Purple, Red, & White
- Dimension: 4.38 L x 1.50 W x 1.00 H Inches
- Safety Certification: ETL

**ENERGY-SAVING LED LIGHTING:** Featuring 5v high-efficiency output with multi-colored LED diodes, ensuring uniform lighting throughout your aquarium, creating a captivating daytime or nighttime landscape while enhancing the overall aquarium environment.

**TIMER:** Built-in timer allows you to schedule your light to turn on/off at the same time each day, from 2 hours straight to 4 hours straight or Always On - offering total peace.

Light timer settings:

2H (2 Hour Duration) = move timer switch to center selection.

4H (4 Hour Duration) = move timer switch to left selection.

0H (LED Stays On) = move timer switch to right selection.

The Timer Selection will repeat every 24 hours until the unit is turned off, or the power supply is disconnected, or the batteries are exhausted. Choose the time of day you prefer for the light to come on - for example: 6pm - the light will turn on at 6pm every day to the length of time you have set 2 hours or 4 hours.

Initially you must turn the light on at the time of day desired, when activated the unit will come on and then turn off at the chosen time each subsequent day until the unit is turned off or the power supply is removed.

The SWL24A LED Light is powered by either 3 AAA batteries (purchased separately) or by the SWPS7C 5v Power Supply (also purchased separately).

**SW PRODUCTS**

**LED Light for Koller Products Freshwater Aquariums**

1. Multi-Color LED Light provides optimal lighting for Koller Products aquariums from 1-gallon to 3-gallons.
